# ABOUT THE EFM TOOLBOX DISTRIBUTION ACADEMY

The **EFM Toolbox Distribution Academy** is a training and networking programme designed to support and strengthen **sustainable film distribution structures** across the African continent. It offers the opportunity to acquire knowledge about distribution from international industry experts and to **develop business proposals** to create new distribution and exhibition structures on the African continent.

The goals of the TDA are to **increase visibility and releases of African films** locally, bring more African and International films to African cinemas, and **facilitate cooperation** between the African and European film industries.

The TDA is dedicated to building a **sustainable networking and learning platform** in this field, meeting the demands of the dynamic and growing film markets in Africa.
